

Scholarship America connects generous donors with remarkable students.

Use your Donor-Advised Fund (DAF) to support a scholarship program

With \$5 billion in distributions to students since 1958, Scholarship America is the leading administrator of private scholarships in the United States. We combine best-in-class administration with our 501(c)(3) mission, which means we can accept grants from Donor-Advised Funds to support students with financial need.

Did you know? You can request that a grant from your DAF be distributed to Scholarship America on a recurring basis—monthly, quarterly, yearly, etc? You can also name Scholarship America as the beneficiary for your DAF, letting you make an impact now (with a gift from your fund) and leave a legacy for the future.

Build a new scholarship program

Leverage our six decades of experience to **design a scholarship program** that reflects your priorities and meets student needs—and is supported by your DAF.

Our Scholarship Advisors partner with donors, philanthropic advisors and DAF administrators to launch new, innovative programs.

Support students when and how they need it most

As the nation's largest nonprofit provider of private scholarships, we know students need **support beyond tuition**.

Grants from your DAF enable expanded support like emergency aid, mental health support, access to internships and more to help more students achieve their dreams.

Expand evidence-based student support programs

With 1350+ unique programs, Scholarship America brings **best practices** to programs for students pursuing community college, four-year institutions, and all areas of study, including STEM, healthcare and vocational education.

DAF grants enable research on “what works” for students to drive impact and outcomes.

Our Impact

Scholarship America is the nation's largest nonprofit scholarship administrator.

\$5.4 billion to 3+ million students

\$303 million to 100,000+ students
